Professional Summary

I am a Computer Science undergraduate at Babcock University with a growing passion for cybersecurity and frontend development. I enjoy learning how technology works, solving problems, and building practical solutions that make an impact.

My current focus is on developing responsive and user-friendly web applications using HTML, CSS, and JavaScript while building a solid foundation in cybersecurity, including security operations and threat analysis.

I am actively seeking opportunities to gain industry experience through internships, collaborative projects, and professional networking.

Professional Experience

Frontend Development Trainee, BeTechified Currently undergoing hands-on training in frontend web development, building responsive and accessible web applications using HTML and CSS while applying modern web development best practices. Expanding proficiency in JavaScript, Git/GitHub, and industry-standard development workflows through practical projects.	06/2026 – Present Lagos, Nigeria
Frontend developer, CodeAlpha - Developed responsive web applications using HTML, CSS, and JavaScript. - Built a portfolio website, calculator, and music player with interactive features. - Applied responsive design, DOM manipulation, and JavaScript to create user-friendly web interfaces. - Strengthened skills in frontend development, debugging, code organization, and creating user-friendly web interfaces through hands-on project work.	07/2026 – 08/2026 Remote

Education

B.Sc. Computer Science, Babcock University Bachelor of Science (B.Sc. ) in Computer Science (Expected Graduation: July 2028) I am building a strong foundation in computer science through coursework in programming, software development, networking, and databases. Also, developing practical frontend development skills and expanding knowledge in cybersecurity through hands-on learning, projects and professional certification programs.	10/2024 – Present Ogun, Nigeria

Technical Skills

Python	Frontend development HTML CSS JavaScript Responsive web design
C++	Cybersecurity Networking fundamentals Linux fundamentals Bash/shell scripting Risk management SIEM

Certificates

- Foundations of Cybersecurity [↗](#)
- Google Cybersecurity Professional Certificate [In progress] [↗](#)

Activities

Activities

- Babcock University Computer Club Member(BUCC)
- Member of Google Developer Groups on campus , Babcock University
- Student Volunteer
- Technology Events Participant

Projects

Personal Portfolio Website

Developed a responsive portfolio website using HTML, CSS, and JavaScript while applying responsive design and frontend development best practices.

Responsive Navigation Bar

Built a responsive navigation bar using HTML and CSS and applied flexbox for layout and mobile responsiveness.

Calculator Application, *HTML • CSS • JAVASCRIPT*

Responsive web calculator built with HTML, CSS, and JavaScript featuring arithmetic operations, clear/delete functions, and keyboard support.

Responsive Flexbox Layout Project, *HTML • CSS (Flexbox)*

Built a responsive webpage using CSS Flexbox, implementing flexible layouts, content alignment, spacing, and wrapping techniques to ensure a modern and mobile-friendly design.

Linux Command Line Labs

I completed practical exercises involving file management, permissions, shell commands, and Bash scripting.

Responsive landing page (Bootstrap)

Built a responsive landing page with HTML, CSS, and Bootstrap 5, utilizing the Bootstrap grid system and responsive components to deliver a modern, mobile-friendly user experience.

A python program that calculates gross pay, tax and net pay

Matrix Calculation

Developed an application that calculates the matrices of numbers using c++

Interactive Music Player Web Application, *HTML • CSS • JavaScript*

Built a responsive music player with JavaScript, featuring audio playback controls, playlist management, progress tracking, volume adjustment, song metadata display, and autoplay functionality.

Soft Skills

- Problem solving
- Team work
- Communication
- Critical thinking
- Continuous learning
